

SUPERLOCK 8001 | Color 9005 black granulated

Color Swatches:

SL HI-TECH

Designer doors from Superlock's Hi-Tech series provide an exciting answer to the renewal of contemporary design. The technological character and clean lines are a result of listening and attentiveness to the wishes of consumers, who are very discerning in their understanding of beauty, elegance and charm.

HI-TECH doors combine wisdom and technology – The steel that protects us remains, over which we add modern steel elements that are oven-painted, or we use natural aluminum that provides a feeling of power, beauty and strength.

Technical Specifications:

- Model 125 multi-bolted lock, 14 mm. bolts with a 25 mm. penetration depth into frame - a SUPERLOCK exclusive.
- Cylinder shield with self - destructing mechanism - a SUPERLOCK exclusive.
- Mul-t-lock cylinder, interactive model - the most advanced cylinder.
- Maximum resistance, suited to climatic conditions.
- Fortified thermal - acoustic insulation.
- Improved rimlock - a SUPERLOCK exclusive.
